

Self-Service Banking — What's Next?

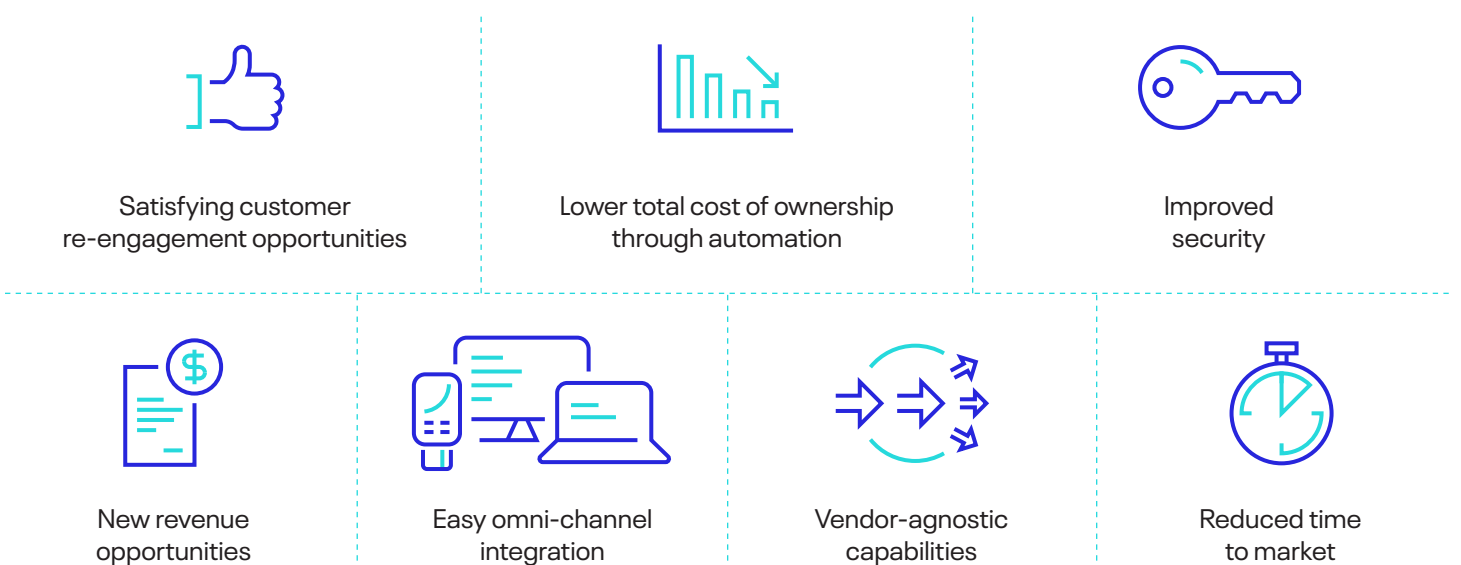

Today's Challenges

Traditional banks are under increasing threat from new entrants and challengers that are neither encumbered by legacy infrastructure nor the burden of maintaining a high street presence. In order to compete, they must modernize, which requires them to address today's top challenges:

The Solution for Self-Service Banking

ACI Worldwide and Auriga have partnered to help traditional banks solve cost pressure issues and build better relationships with their customers. This powerful partnership delivers:
