### **Auriga and Transactions Systems Join Forces to Transform Banking Services**

*New partnership supports growth plans in Russia, Eastern Europe, the Balkans and Sri Lanka*

**Bari, Italy, March 10, 2020** - Auriga, a leading supplier of technological solutions for the omnichannel banking and payments industries, today announced a new strategic partnership with [Transaction Systems \(TRSYS\)](#), a major international technology solutions provider helping financial and retail organizations embark on their journey towards digital transformation.

TRSYS will be offering Auriga's WinWebServer (WWS) Omnichannel platform to its customers in Greece, Ukraine, Hungary, Slovakia, Cyprus, Russia, Bulgaria, Romania, North Macedonia, Albania, Georgia, Kazakhstan, and Sri Lanka, enabling them to develop banking and payment services.

At the centre of the partnership is how both organisations will help banks use Auriga's WWS software solution to transform their banking services. The Auriga WWS is a proven, modular solution that provides feature-rich banking services through all channels including mobile, tablets, PCs, kiosks and ATM machines.

Vincenzo Fiore, CEO, Auriga said: *"Having worked with them as a distributor for some years, we are excited to be forging a closer partnership with TRSYS to help us to realise our ambitious international growth plans. Their technical expertise and local market knowledge matches with our own technology and consultancy capabilities and will enable us to answer the demand for transforming banking services in these countries."*

Commenting on the partnership, Panagiotis Chalkias, Managing Director Transaction Systems, said: *"The new partnership fully meets our strategy and further enhances our portfolio to provide a full range of transaction optimization solutions in our markets. The combined technologies, skills and expertise, will create and deliver tailored solutions that empower local banks to successfully implement the right strategies and optimise operations, while enabling continuous innovation and improvement of customer omnichannel experiences."*
